**From My desk**

Good day!

Dear Force Family,

A small note to say hello. This is our first Newsletter for the New term after the AGM in Maastricht. I'm sure we all still have fresh memories of the AGM in Maastricht, which was a very productive and an enjoyable Congress.

I look forward to implementing some of the decisions agreed at the AGM in the coming months and seek all your active participation by sharing suggestions and comments on the matters discussed specially your assistance in developing the Statement of Best Practices or policy guideline on transactions between members. I have already formulated a brief Statement of Best Practices for the transactions between two members and shared with all.

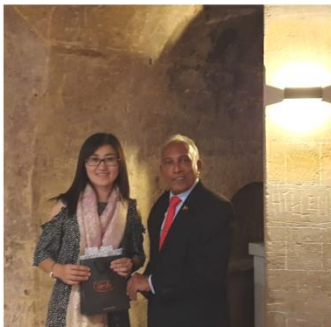

Let us expand on this with all your contributions.

Warm regards once again.

Rohitha

# Multi Cargo Limited

In 1996 a team of freight industry experts who had been working together in the business of shipping since 1979 established Multi Cargo Limited as a Freight handling service. Originally set up to service the local needs of small overseas freight forwarders and shipping companies who required an independent, knowledgeable and professional freight agent to handle their shipments in Ireland. This expanded to local Irish freight companies with similar requirements who did not have airfreight offices. Over the years as we developed and expanded, we became the "go to" company for specialist shipping into and out of Ireland for Live animals (Pets & Zoological), Temperature control (Pharmaceuticals and Trials), Time sensitive shipments (Aircraft on the ground, Production line shutdowns and Ships spares) Repatriation, Concerts and Exhibitions, Project (Plant and Out of Gauge transfers). We became members of FORCE 1999 at the Hong Kong congress
