FERM CONCLUDES ...

Happy to announce that FERM was concluded on a successful note in Cebu, Manila in November hosted by Sky Link, Manila and attended by 09 members. Let me take this opportunity to thank Ms. Annie Yu of Sky Link, Manila and her team for their efforts and hospitality extended to all. Photos of the FERM has been uploaded to FB by Sky Link for viewing by all.

All members have actively engaged in the deliberations and have come up with some suggestions for consideration by FORCE in transforming the association to the next level and to be in par with the current market conditions. The EXCO will discuss these suggestions and come up with a general circular to all members once the Christmas holidays are over.

SHOWCASING THE MEMBERS OF THE MONTH

ISA Logistics sal

ISA-Logistics sal was registered in 2003 with main focus on the Syria. In 2009 it has expanded its activities to cover the Algerian market. The Lebanon was added in 2011 and recently we started our activities in Egypt.

It is important to stress that we do not view ourselves as competitors to local partners as we specialize in Break Bulk and Project Cargo.

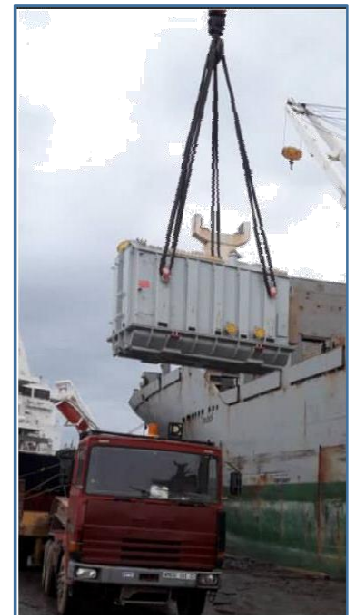

We are specialized in below two main trades:

- Far East and South East Asia to Red Sea and Mediterranean Sea.
- Black to Red Sea and Mediterranean Sea.

Our next challenge is to develop our company door to door service in Algeria and consequently look for every support from the partner.

- For Break bulk and Project Cargo: Shipping@isa-logistics.com
