From My desk

Dear FORCE family,

Greetings!

I believe all of you are doing well. As already reported we had a successful and a friendly Zoom meeting amongst the members in the Asia/ Indian Ocean region and 10 members from 8 member countries participated. It sure was a good opportunity for some of us to say hello to each other at least on camera. We hope to do a similar meeting for the rest of the network members within the month of July.

Meanwhile I am happy to announce that after discussions with VMS China, EXCO has decided to go ahead with the AGM 2025 in Xiamen, China. More details with dates are in the news letter so all of you can start planning. Secretariat will keep you updated.

Wishing you all good luck and happy cooperation amongst everyone.

Best regards,
Rohitha
